WEDNESDAY, NOV. 11, 1891.

The returns published in another column must be entirely satisfactory to Mr. Betts, and equally discomfiting to the prophetic editor of the *Saskatchewan*. Going outside his own district to oppose Mr. Plaxton he polls a vote that costs that gentleman his deposit, and throws Mr. Turner into a most doubtful position. Outside of Cumberland House the Pas and Cedar Lake, Mr. Betts rolls up the handsome majority of seventy-one. While this does not assure Mr. Betts the seat, it certainly knocks the wind out of our contemporary and its editor, and demonstrates the high position Mr. Betts occupies in the opinion of the people. The situation now is peculiar. Should Mr. Betts have only a bare majority from the above named polling stations, Mr. Turner as well as Mr. Plaxton loses his deposit, but should a possible vote be pulled and Mr. Turner get the support promised him by Dr. Jardine, he gets the seat. The interested vote however, by a grand majority says Mr. Betts is the man, and all hope that their valuable verdict will not be set aside by the divisions yet to be heard from.

Election day was too much for the down town editor. No sooner was the result from town and Colleston made known than he waddled off towards Duck Lake and Saskatoon.

Chili must be fond of fighting. A war with the United States is now imminent. There should be nothing in the world to interfere with their fun. The North American eagle has been screaming ever so long for something to drive his beak and talons through, and the pugnacity of the little republic in the south is certainly an opportunity. However, the Chilian bantam, it must be remembered, has been a year in training, while the eagle is as fat as an overfed barnyard fowl.

Canada's trade with Great Britain so far this year is three-quarters of a million dollars ahead of

last, and the advocates of Unrestricted Reciprocity are convinced that the "Tory aristocracy" must be at the bottom of the business.

Canadian trade with the Motherland continues to expand. In September British exports to this country went up 32 per cent. For the nine months of the year ending September British exports to the Dominion increased over 1½ per cent compared with 1890, which was itself a good year. These facts will show to the Mother country the value of the colonial market. On the other hand, Canada continues to send more to Britain. Our exports for the nine months of 1891 have increased over 3 per cent, notwithstanding a decline in the lumber trade, which is inactive just now.

The Canadian cattle trade with the port of Dundee, Scotland, is of comparatively recent date, yet this season up to October 1, no less than 7,287 head were shipped for there. Of these 312 were lost at sea, so the arrivals actually numbered 6,975 head. It is to be noted that 299 of these losses occurred on two vessels, the Loch Lomond and City of Lincoln, and other vessels lost none, or only a few animals. The wisdom of speedily regulating this trade for humanity's sake, as well as the interests of commerce, is shown by the fact that every loss is carefully reported to Mr. Plimsoll, who is no doubt gathering material for another sensational onslaught on the traffic in live cattle.

The disappointment over the census returns this year extends to almost every country. The 1890 returns of population in France are not satisfactory. Last year there was an excess of deaths over births to the extent of 38,000—a very bad showing, and one only equalled by the years of the Crimean and German wars. The number of marriages is also decreasing, and consequently the number of births, so that relatively France is not nearly holding its own beside its great neighbors Britain and Germany. Another unsatisfactory feature is the growth of divorce. In 1884, the year in which tribunals for divorce were established, there were 1,657 cases. Last year there were 5,457 cases. If the country had a few Goldwin Smiths on tap, despair would soon reign in the land.

In his incisive and eloquent way Colonel George T. Dennison told the sturdy young Canadians who were commemorating the battle of Queenston on Wednesday that men who claimed the protection of our laws and sought to betray us to the foreigner were what in the school-boy vernacular are invariably classed as "sneaks." So they are. If any persons in the community feel themselves aggrieved, and rise to protest against the Colonel's classification we shall all know at once the kind of stuff they are made of. The best course, therefore, for the sneaks to follow at this crisis is to meekly swallow the insult, and look as unconcerned and virtuous as they can. Perhaps they may escape notice in the crowd.

Count Mercier will find burking enquiry a very dangerous line of policy. Let him take a leaf out of the book of Mr. Weller, who sighed at the disastrous conclusion of the Pickwick trial: "O, Sammy, v'vorn't there a *alleybi*?" An "alleybi" is the best thing for the blood-

**THE WAY IT IS DONE.**

To the Editor of the Times.

DEAR SIR,—Perhaps you would like to learn the interest an election excites down here. The H. B. Co.'s store and the grist mill were closed up nearly all day Saturday and every man turned out to work for Mr. Turner, but from the returns already in, they must be satisfied that Fort la Corne represents only a small corner of the earth. Mr. Betts was not opposed by anyone here on account of any neglect of duty, for all agree that he has looked well after this part of his district, and we who support him believe that he will continue to do so. Mr. Turner is our neighbor, and the settlement gave him a strong support, but had not our business places been closed up and those interested worked with such energy the result would have been very different. I hope this will interest you.

PAHONAN.

A business meeting will be held to-morrow morning to discuss its practicality.

Halifax, Nov. 5.—The board of trade this afternoon resolved to take immediate steps to combine the local communication by steam between this port and Great Britain which had existed for the last fifty years.

President Parkford called attention to the expiration of the Spanish-English treaty in January next and urged the West India merchants to be at once up and doing to order to guard their interest in the making of a new treaty. A resolution was adopted that if it be not found possible by the Government to secure at a very early date a contract for the carrying of mails to and from Canada and Great Britain by a line of steamers averaging not less than seven knots then immediate steps should be taken to secure the severest mail service, and that pending the opening of such service, the service heretofore existing should be continued. It was resolved also that in order that Canada may receive the full benefit of the subsidy paid by Canadians that the Government be requested to make it one of the principal conditions of any future contracts as to the Atlantic mail service that the terminal port be in Canada.

### I CURE FITS!

When I say I cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or PSYCHO-SICKNESS a life-long study. I warrant my remedy to cure the worst case. Because others have failed is no reason for not now receiving a cure. Send at once for a booklet and a free bottle of my infallible remedy, give EXPRESS and POST OFFICE.

A few thoughts concerning

## ASTHMA

Its Cause and Cure

Just interest every one afflicted with this terrible disease. To describe this disease to one that has suffered for years the untold agonies of suffocation and distress might after night and who in many extreme cases would only phlegm would be left in order to be relieved from such suffering with no prospect of ever being again without phlegm to contain the cause of the disease. The smoking of leaves and herbs, saturated with oil and perfumes has been resorted to as the last means for only a temporary relief and anything being considered as a blessing that will release the grasp of the fingers of death even for a short time, which seems to be lightening every moment more and more; the sufferer knows that this is Asthma. To say suffocation, in a few days relieved, and no good reason can be given other than the cause of the disease changes and return of suffering, only by the poisonous blood setting on the nerves producing the disease. In Asthma there is a

### SPECIFIC POISON IN THE BLOOD THAT MUST BE DESTROYED

Before Asthma can be

## CURED

This poison is oft-times inherited, and passed through many generations; it is not, however, always inherited, and oft-times affecting the lungs and bringing the sufferer down to a Consumptive grave. Location, with surrounding causes, will arouse and set to work this poison in the blood, so that in some sections of the country an Asthmatic cannot live, even in one part of a city they suffer as intensely, move to another part and they are entirely free from Asthma. Thus you learn that there exists a certain poison in the system, that when certain influences are brought to bear that exist in the Atmosphere in many localities will develop this poison in an unusual degree thereby affecting the NERVES, producing spasms and difficult breathing, which every Asthmatic has had such experience with, suffering, and no hope of being cured for having tried every known remedy, exhausted the skill of the physicians, have given up in despair.

After years of study and patient research and watching this poison in the blood, we have discovered a cure for Asthma, and a cure for the Asthmatic, which will entirely destroy this poison in the blood and set the nerves to a healthy condition and when this is done the spasms will cease, the choking will subside, and the injury done to the lungs will begin at once to be repaired and the nerves will be in perfect health.

**ASTHMALENE** is unlike all other so-called Asthma cures, as it contains NO Opium, Morphine, Ipecac, Squills, Lobelia, Ether, Chloroform or any other Anodyne or Narcotic, but its combination is of such a nature that it will destroy every particle of this poison in the blood and eliminate it from the system, effect a cure and give a night's sweet sleep. We have received thousands of testimonials from every State in the Union of the marvelous cure from the use of the **ASTHMALENE**. We have never published them, for testimonials have been manufactured so extensively and sold so cheap that people have no confidence in them.

### WE DO NOT WANT YOU TO SEND US MONEY

We make NO CHARGE FOR a trial bottle to sufferers from this terrible malady. Send your name on a postal card and we will mail

## In Our Midst.

The Golden Lion is the only house that carry the Stanley Cloths.

We are thankful the ladies of taste and fashion deal with us. Sproat & McLeod.

Mr. C. Mair and Mrs. Mair came in on last Tuesday's train.

Buy your Biscuits and Confectionery from F. C. Baker. Social Tea Biscuit are the best.

As far as heard from Mr. Betts polls a majority of 30 over the combined vote of his opponents.

You should all be thankful to know that you can get an honest deal from Sproat & McLeod.

The bucks have been let loose, and the sounds of revelry by night are no longer heard at the home of the Laird.

Gentlemen should be thankful Sproat & McLeod keep the best Suits and Furnishings in Prince Albert.

John McKenzie, of Duck Lake, paid the town a visit this week. John is one of our oldest townsmen, and we are all ways pleased to see him.

Ladies should be thankful to know they can get the genuine Stanley Costume Cloth the same as worn by Lady Stanley in Ottawa at Sproat & McLeod's.

The best evidence that the people are influenced by the *Saskatchewan* is shown in Mr. Betts having large majorities in every division excepting the two in Mr. Turner's settlement.

Mr. T. McKay, M.L.A., elect for Prince Albert, received a car load of fine horses from Ontario last week. Mr. McKay will dispose of the majority of these animals.

F. C. Baker presents his customers with a bonus card, on which all cash purchases will be registered. When the total amounts to \$40 the holder will be allowed to select free, a beautiful Art Photo, size 27 x 33 inches.

We regret to hear this week of the death of Mr. John Sanderson one of the oldest settlers of the Carrot River district. Mr. Sanderson has been ailing for some time past, so that his death was not altogether unexpected.

For some days past the citizens of Prince Albert have awaited with interest the coming of Miss Lily Evans, who was billed to give two of her popular entertainments here in aid of the Medicine Hat Hospital. Miss Evans arrived on Saturday in Sup. Niblock's private car, who accompanied the party, as also did Miss H. Evans, of Kincaidine; Mrs. Barclay, of St. Paul; Mrs. Feehan of Calgary; and Mr. Galletly, of Cammor. The entertainments were held in Saskatchewan Hall, and good houses greeted the performers on both occasions. To say that every one present was delighted with Miss Evans is a very mild way of expressing the approbation with which she was received. Each of the carefully selected numbers on the programme was a gem in itself, and was justly appreciated by the audience, whose hearty sympathy she won throughout. Mrs. Feehan, Mrs. Barclay and Mr. Galletly shared the honors extended to the vocalists on both occasions, the well rendered duets of the two latter winning for them numerous encores and applause without stint. The programme for this evening will contain the names of a number of our local talent, who we have no doubt will keep up the musical credit of our town. This entertainment is mainly in aid of the Victoria Hospital Fund, an account of which will be given next week. Credit is due to Mr. T. J. Agnew for the interest taken in these entertainments, he doing all in his power to make them a success.

OXYGENIZED EMULSION OF PURE COD LIVER OIL. They who use it—Live. For sale by all druggists.

Mr. Acton Burrows, of the *Western World*, came in on Saturday evening last. Mr. Burrows is making a tour of the district with the intention of giving the outside world the benefit of his observations. In an interview with the Town Council he made arrangements for the publication of an edition of the *Western World* specially devoted to the interests of the Prince Albert district.

"The Young Recruits," is the title of an oil painting by Mr. Charles Patterson, one of the most gifted representatives of the younger branch of Canadian artists. Mr. Patterson has displayed undoubted genius in the conception and execution of this charming picture, which will appeal to every lover of childhood as well as every lover of art. "The Young Recruits" is one of the four supplements to be given away with the Christmas number of the *Dominion Illustrated*, which the publishers are sparing neither pains nor expense to make the most magnificent holiday souvenir ever issued in Canada and far surpassing even their own brilliant effort of last year.

The *Empire* is sending out a Premium with its Weekly this fall which will be highly prized by the friends and followers of the 1st Premier of the Dominion. It is in the shape of a Memorial Album, illustrating the career of Sir John Macdonald, from his birthplace in Glasgow to his last resting place in Cataraqui Cemetery. The series of handsome views are in photogravure, executed in a manner that is a credit to Canadian art, and comprise an excellent photograph of the old Chieftain, taken a short time previous to his death; a handsome portrait of his devoted widow, the Baroness Macdonald; a portrait of Sir John as a young man, being a facsimile of the earliest photograph known to be in existence; an excellent and striking likeness of his mother, from whom he inherited his force of character and genius; the old home on Ridau street, Kingston, in which he lived during the rebellion of 1837; the finest view ever published of Ernestville, his well known residence in Ottawa; interior view of the Senate Chamber, as it appeared with the body lying in state, showing the floral tributes and members of Parliament guarding the remains, with the Queen's wreath resting on the coffin; view of Parliament Buildings, with funeral procession forming in front; the funeral passing the Eastern block, with fine view of the buildings; magnificent view of the City Hall, Kingston, draped as it appeared on morning of funeral; beautiful photograph of the grave at Cataraqui Cemetery, with the floral offerings and caskets guarding it; exterior view of Westminster Abbey in which memorial service was held, from a celebrated etching; hand some view of St. Paul's Cathedral, in which it is proposed to erect memorial tablet. The cover of this collection of photogravures is a beautiful work of art, the title being richly embossed in silver with a medallion of the Chieftain in relief, surrounded by his now memorable words, "A British subject I was born, a British subject I will die," while the background shows shield with the British arms, and the whole is surmounted with a drapey in royal purple, fringed with silver. A premium like this has never before been offered by a newspaper in Canada, and will no doubt be eagerly sought after, as it will be an ornament to a parlor table as well as a valuable souvenir of the old Chieftain.

## NEWS FROM ALL POINTS.

Ottawa, Nov. 5.—The *Citizen* makes the following announcement this morning: We understand Hon. L. Alderice Oimet, ex speaker of the House of Commons, and who is already a member of the Privy Council, has been offered, and accepted, a seat in the cabinet, but the particular department to be entrusted to

him has not yet been determined on. This is an indication that Abbott, while "making haste slowly" in the matter of re-constructing his cabinet, is carefully selecting his lieutenants with an eye to their individual ability. In Oimet the Montreal district will have an able, capable, and worthy representative, who will prove highly acceptable to that section, and whose ability, experience and high social and political standing will add strength and stability to the Government. In this, his first selection of a new confere, to share his responsibility, Abbott has shown an amount of acumen and judgment, which will tend to increase the confidence, which the country at large already feels in him.

Hamilton, Nov. 5.—Miss Carrie Fitzsimous, who left here with J. K. Hudson Taylor's missionaries, has written denying the reports lately published about Chinese uprising against missionaries. She says the missionaries have suffered no serious indignities, and their work has been interfered with very little, also that the Chinese were provoked by unwarranted insults from Europeans, and they merely resented these insults as Americans would have done under the same circumstances.

Abbott, Chapleau and Oimet spend Sunday in Montreal.

Parliament has been further prorogued to Dec. 21st.

Quebec, Nov. 5.—It is said to be definitely decided that Ernest Pacaud will be a candidate for the House of Commons in Quebec West, rendered vacant by the expulsion from parliament of Hon. Thos. McGreevy.

Ottawa, Nov. 7.—Quite a controversy has arisen over the assertion that Carling refused to employ Irish Catholics at the Central experimental farm. As a matter of fact, says the *Citizen*, one-third of all the men employed there are Catholics, and half of these happen to be Irish Catholics.

E. J. Duggan, secretary of the Herchmer commission left last night for Regina to assume his duties. Evidence is not likely to be taken before next month.

It is rumored that H. R. Ives, M.P., for Sherbrooke, enters the ministry as successor to the late John Henry Pope.

Major General Herbert inspected the Governor-General's Foot Guards to-day. Fred White, comptroller of the N.W. M.P., has gone on a trip to New York. Thomas Beattie has been appointed deputy appraiser of customs at Winnipeg. Lord Stanley has returned from Halifax.

Montreal, Nov. 7.—Hon. Eustache Prudhomme died yesterday at Coeean St. Pierre. From 1863 till the union he sat for Regard in the Lower Canada assembly and at confederation he was called to the legislative council, where he continued to sit till three years ago.
